### **Rescheduling of Renesas Electronics High-Power Amplifiers Business Acquisition**

As announced on October 31, 2011, in the news release "The Execution of the Definitive Agreement Regarding the Acquisition of Renesas Electronics High-Power Amplifier Business," the definitive agreement was executed for acquisition of the high-power amplifier business of Renesas Electronics Corporation ("Renesas" TSE: 6723) and its manufacturing site, Nagano Device Division of Renesas Eastern Japan Semiconductor, Inc. (a wholly owned subsidiary of Renesas). However, ongoing overseas antitrust reviews have prompted a rescheduling of projected acquisition date from February 1, 2012, to March 1, 2012.
